

## SHAIK JAREENA

**Technical Trainer | Python Trainer | IT Professional**

Mobile: +91 78158 38600

Email: shaik.zianshaik@gmail.com

Location: Rajampet, Andhra Pradesh

### Professional Summary

Dedicated IT Professional with over 3 years of experience in Post-Silicon Validation, Python Automation, Technical Support and Technical Mentoring. Experienced in Qualcomm Snapdragon processor validation, Python and C programming, automation, debugging, Agile collaboration, and student mentoring.

### Technical Skills

- Programming: Python, C, Basic SQL
- Validation: Post-Silicon Validation, Functional Testing, Regression Testing, Debugging, Log Analysis, Root Cause Analysis
- Tools: Jenkins, Git, Jira, Linux, MS Office
- AI: ChatGPT, Microsoft Copilot

### Professional Experience

#### Micron Technology – Post-Silicon Validation Engineer (6 Months)

- Worked on Post-Silicon Validation activities using Python and C.
- Developed Python automation scripts.
- Executed validation test cases and analysed results.
- Used Jenkins, Git and Jira.
- Performed debugging, log analysis and defect tracking.
- Worked in Linux and Agile environment.
- Collaborated with cross-functional teams.
- Prepared validation reports.

#### Mirafra Technologies – Post-Silicon Validation Engineer (Client: Qualcomm) (1 Year 9 Months)

- Validated Qualcomm Snapdragon processors.
- Performed functional and regression testing.
- Verified code changes and analysed required modifications.
- Used Python and C for debugging and validation.
- Performed root cause analysis.
- Tracked defects using Jira.
- Worked with firmware, hardware and software teams.
- Participated in sprint planning and technical reviews.

- Prepared validation reports and ensured release quality.

### Sevitech Systems – Python Automation Engineer

- Developed Python automation scripts.
- Executed automation using Jenkins.
- Managed code using Git.
- Tracked issues in Jira.
- Debugged automation failures.
- Improved automation framework.
- Worked in Agile environment.

### Teaching&Mentoring Experience

- Mentored undergraduate students.
- Guided Forest Fire Detection project.
- Taught Python fundamentals.
- Conducted interview preparation and mock interviews.
- Helped with resume building and project presentations.
- Introduced AI tools for learning.

### Education

Bachelor of Commerce (B.Com)

### Core Competencies

- Technical Training
- Student Mentoring
- Communication
- Leadership
- Problem Solving
- Analytical Thinking
- Adaptability
- Continuous Learning
